Partner Involvement in the CRC

IMPORTANT:
Please use third person narrative in your response.
Limit your combined response for (a), (b) and (c) to less than 5,000 characters including spaces, for inclusion in our Stage 1 CRC application.

Question	Character Count
(a) Describe your organisation's involvement in the CRC, including which program and research projects you will be involved in. [Provide a brief overview of your organisation, its alignment to the CRC and the programs and projects your organisation is interested in.] Partner Company is a start up business that focusses on medical product manufacturing... Partner Industry Company is interested in programs 1 because... and interested in participating in projects related to... Refer CRC for Intelligent Manufacturing information brochure provided in partner pack for CRC programs and proposed projects areas.	486
(b) Provide details of how you will provide the contributions listed below e.g. staff expertise and details of consumable and capital items provided. Using the descriptions you have provided in the tables below will be a good starting point for this response. Partner Company will contribute a \$X per annum over the 5 year period of the CRC. The in-kind staff provided by Partner Company have expertise in... Mr John Smith, Senior Manager will provide industry advice on... In addition, Partner Company will provide the CRC with access to facilities and equipment such as... to support the research.	342
(c) Demonstrate that the contribution is commensurate with either the size of your organisation or the level of engagement with the CRC e.g. the logic/reasoning behind the level of contribution you have decided to make in the CRC. [Provide a brief explanation of why your organisation has provided the mix of cash and in-kind contribution e.g. if you are a start up you may not have the cash reserves to provide a high cash contribution but can support the CRC through in-kind. You may also highlight the value of the proposed research from the your organisation's perspective.] Partner Company is a [multinational organisation / large coporation / SME] and our cash contribution reflects the size of our organisation and our expected level of engagement in the CRC. Partner Company is supportive of the CRC and the proposed research program because...	624
